MiraLAX PREP

(split dose)

ONE WEEK BEFORE PROCEDURE

Discontinue the use of all iron pills or products containing iron.

AT LEAST TWO DAYS BEFORE PROCEDURE

4 Dulcolax laxative tablets.

 $\hfill\square$ One 238-gram bottle of MiraLAX (available over-the-counter).

□ Two 32-oz bottles of Gatorade (NO RED flavors).

FOLLOW THE BELOW INSTRUCTIONS ONLY !!

Disregard any instructions that may come with the above products.

THE DAY BEFORE PROCEDURE

Consume clear liquids **ONLY** the entire day prior to your procedure.

For best results, you are encouraged to drink plenty of liquids throughout the day and evening. *(see clear liquid diet sheet)*

□ 3:00 PM – Take 2 Dulcolax tablets.

Separate the MiraLAX powder (dry) into TWO equal doses (approximately 4 ounces per dose).

- Between 4:00 PM-5:00 PM mix ONE DOSE of MiraLAX powder (approximately 4 ounces) into one 32-ounce bottle of Gatorade. Shake until the MiraLAX has completely dissolved.
- Drink one 8-ounce class of the solution every 10 to 15 minutes, until the entire 32 ounces is gone (should be completed in about one hour).
- **9:00** PM Take the remaining 2 Dulcolax tablets with an 8-ounce glass of an approved clear liquid.
- □ Continue to drink water and/or other clear liquids until bedtime for adequate hydration.
 - *<u>TRI-COUNTY CENTER PATIENTS</u> During a phone call from pre-surgical screening staff, you are instructed of the time to take the second MiraLAX dose.
 - *MCLAREN MACOMB PATIENTS ONLY During a phone call from the Endo Dept with your arrival time, you are also given the time to finish your morning prep (usually finish 3 hours prior to the arrival time).

THE MORNING OF PROCEDURE

- *At time instructed by the nurse during your pre-surgical screening phone call, mix the second dose of MiraLAX powder into a 32-ounce bottle of Gatorade. Shake the solution until the MiraLAX has completely dissolved.
- Drink one 8-ounce glass of the solution every 10 to15 minutes, until the entire 32 ounces is gone (should be completed in about one hour).
- **Nothing else by mouth (including water) until after completion of your procedure**.
- □ Report for appointment at the time assigned.
